FIRST STEP IS TAKEN FOR THE CITY PLANNING COMMISSION

CIVIC BETTERMENT CHAMBER'S OBJECT

Attorney Roy I. Carson, representing the Body, Appears Before Council in the Interests of the City Planning Commission

TAKEN UNDER ADVISEMENT

Rev. E. H. Greenlee, Rev. H. H. Wilson, J. W. Johns, and Church Ladies Wait on Body in Matter of Blue Laws Enforcement

Attorney Roy I. Carson appeared before Charleroi council last night, representative of the Charleroi Chamber of Commerce. Mr. Carson presented in brief and succinct form the aims and objects of the City Planning Commission, from which we gleaned that the Commission, as made an active factor in boroughs as well as cities, by an act of the legislature, passed June 27, 1923, provides that such Commission is "empowered to work in conjunction with council for civic betterment." This Commission, which would consist of five members, named by the burgess and council, must be consulted in matters which have to do with the wealth of the municipality, but it has not the power to supersede council in action. This will remain council's prerogative—council has the final say. The information and remarks of the attorney were well received, council passing a motion to hold the proposition under advisement until the next regular or special meeting of the body.

Rev. Dr. E. H. Greenlee, Rev. H. H. Wilson, representing the Charleroi Ministerial Association; J. W. Johns and others, representative of the laymen of the church and business interests, and a delegation of ladies of the various Protestant churches, with Mrs. Sidell officiating as spokesmen, waited on council, the introductory speech being made by Mrs. Sidell, which in substance was that the Blue laws are again being flagrantly transgressed, with no less than 17 stores open last Sunday. A petition was presented to council, signed by the members of the Ministerial association and Ladies' organization. Council was asked by Mrs. Sidell to take some action in Sabbath desecration and to instruct the police in their duties in the enforcement of law as relates to the Blue laws. Mrs. Sidell was told by President Tussing that redress or relief was to be obtained through Bur-

Club Members Hold First Meet Last Evening

A program that was extremely interesting as well as instructive was carried out last evening at the regular meeting of the Charleroi Club.

Literary club held in the Community room of the Elks club. "Our American Neighbors" was the subject for the evening. Following the usual custom, the roll call, which is responded to by topics of the day, was made appropriately fitting in these days of mourning, by giving responses concerning the life of the late ex-President Woodrow Wilson, which were prepared by the leader, Miss Frances Tombaugh. This was followed by a period of silent tribute. The program was delightfully interspersed by musical numbers and was called out as follows:

Story of Panama, by Margaret Berryman; vocal solo, "In the Night," by Woodman, by Edith Woodhall; "The Wonders of the Pacific Islands," by Nora Swan; vocal solo, "I Heard You Go By," Wood, by Edna Welch. In the business session that followed. (Continued on page three)

HEALTH FOLK COME ACROSS SAD CASE

Health Officer William M. Darby yesterday afternoon related to us the case of a young lady who married, apparently not "wisely, but too well."

Three years ago a young lady by the name of Fisher, then 16 years of age, and daughter of a business man of Marion, Ind., married a man by the name of Ross, who lives, or did live, in Charleroi. Mrs. Ross is now 19 years of age. Ross is about 24 years of age. It is said that the bride of three years ago, married against the wishes of her parents. A child was born to the couple, that is helpless.

Ross brought his wife and child here, and leased three rooms at 714 Fallowfield avenue at \$15 per month, paying a month's rent in advance. He bought furniture to the extent of \$150, making a payment of \$5 on the same. Now, it is alleged that Ross has not only deserted Mrs. Ross, but left his wife and child in destitute circumstances.

The case was brought to the attention of the Charity board, and relief was given the woman in the way of food, and a ticket was purchased for her and the child and they will be sent to Marion next Monday.

It is said that the pay of Ross, who was employed in the mill at Allentown, was stopped. His whereabouts are unknown.

OIL INTERESTS SPEND LUCRE TO SWAY OFFICIALS

Washington, Feb. 6.—(United Press)—New evidence indicating huge expenditures by oil interests to influence government officials is claimed by Senate investigators.

More names today were about to be involved in the ever-widening whirlpool of oil that threatens the political lives of men high in both major parties.

So far is the new evidence extended that it is being taken up by the Senate investigating committee to "ease up" in its relentless inquiry before it goes too far.

Developments today included: 1.—Announcement that William G. McAdoo, a Democratic presidential candidate, former Secretary of the Navy Daniels, and George Creel, chairman of the bureau of public information during the war, would appear Friday, if possible, to explain. (Continued on page two)

Are Employed in Erecting a Railroad Trestle Across the Tracks of the Pennsylvania Railroad Company—They Fall 60 Feet

CONDITION OF ONE SERIOUS

Man Sustains a Broken Femur Bone, Several Fractured Ribs And Internal Hurts—The Other Has the Force of Fall Partially Broken

W. S. Smith, aged about 40 years, and Tony Dorno, aged 32 years, are patients in the Monongahela Memorial hospital as the result of injuries sustained early yesterday, when a heavy steel cable broke while Smith, a carpenter, and Dorno, a laborer, were suspended above a high concrete pier at Baird Station, where the American Bridge company of Pittsburgh is erecting a railroad trestle across the tracks of the Pennsylvania Railroad company.

Smith and Dorno fell from a steel girder to one of the concrete pillars and before they could regain their balance the two men toppled from the pier to the ground, a distance of 60 feet. Dorno was the more seriously injured, having sustained a broken femur bone, several fractured ribs and internal hurts. Smith in falling, alighted on Dorno and the force of his fall was somewhat broken.

Smith sustained numerous cuts and minor injuries about the body which are not serious. He is rapidly recovering, although Dorno's condition is critical. Both men are in the employ of the American Bridge company, which is building an overhead trestle from the property of the American Steel and Wire company to Nelson Hollow, where a railroad will be built.

A Studebaker touring car was badly damaged early yesterday morning when the driver of the machine, John E. Orvanchi of Liberty, lost control of the machine and it went over an embankment near Finleyville. Orvanchi escaped with slight injuries by jumping as the machine left the road. The car turned completely over and the body was partially demolished.

Orvanchi, driving at about 35 miles an hour along the road, skidded on a turn near Finleyville on the Liberty road while returning home from Monongahela and unable to see machine when he could not bring it to a stop. The damage to the car is covered by insurance.

The various committees instructed with the responsibility of seeing that all our citizens are privileged to make contributions toward the erection of a suitable Memorial to the memory of our beloved president, Warren G. Harding, have not as yet gotten rightly started, and still they are doing finely, and people will go "over the top" without a count.

The work in connection with the swelling of this fund must be completed not later than Monday, Feb. 11 and from time to time until that date is reached, names of contributors will be added to the list as their contributions are reported in.

All contributors of \$1 or upwards will have names on the list. We date a certificate calling for a associate membership to the Harding Memorial Association.

Contributions will be thank received at any bank of our town at our local postoffice. Members of all churches, please have their names and amounts to the Harding Memorial Association. (Continued on page two)

"TWILIGHT OF THE BRAIN"

In a particularly frank mood the editor of the Vossische Zeitung recently observed that the German people are suffering from "twilight of the brain," that they "still have the idea that they have not lost the war," and that they are getting "farther, and farther away from the reparations problem." The German Colonial Society seems to be a victim of this "twilight of the brain" malady in an aggravated form, for it has boldly announced that unconditional restoration of Germany's African colonies with all pre-war rights is the price that must be paid for a new remedy to prevent the tropical disease called sleeping sickness which is in the Society's possession. In this remedy Germany "holds the key to Central Africa," says Dr. Zache. "No colonies, no remedy," roughly announces Edouard Achelis and both are convinced that in this remedy for sleeping sickness Germany "has a powerful weapon which places her in a position to force the revocation of the colonial mandates executed under the Versailles Treaty."

While the Allied government take no notice of all this proposterousness and readers of cable dispatches turn their eyes quickly to matters of some interest and importance, a few persons will pause to wonder which of the two diseases is the more devastating sleeping sickness or "twilight of the brain."

TREASURY LOOTED
OF MILLIONS

Washington, Feb. 8.—(United Press)—Still shaking from the oil leasing scandal, official Washington today was shocked by a new revelation which involves the looting the treasury of millions of dollars.

Wholesale duplication of liberty bonds of every issue since 1918 in the bureau of engraving and printing, and the implication of treasury officials, are included in the startling charges made by Charles B. Brewer, special assistant to the attorney general in a suit filed in the district of Columbia supreme court.

Brewer sued after he had charged the department of justice with attempting to seize the evidence he had collected at the personal request of President Coolidge and the late President Harding.

He said he had refused to surrender the documents to the department for fear they would be suppressed and he would be discredited.

Brewer, in his suit, asked for an injunction restraining Secretary Mellon Attorney General Daugherty, Under-Secretary of the treasury Winston and Acting Attorney General Seymour from destroying nearly \$1,000,000 in duplicate bonds in his possession.

Immediately after filing his suit, Brewer met a score of Progressive senators and Congressmen and laid his charges before them. Representative King, Illinois, announced that he would intervene and become a party to the suit.

The next step in the scandal will be adoption of a resolution in the Senate tomorrow continuing the power of the oil committee so as to meet objections of former Secretary of the Interior Fall who refused to testify on the ground that the committee lacked authority to quiz him.

LIKE ANIMALS
THAT ARE TRAPPED

Crosby, Minn., February 6.—(United Press).—Forty-two men were known to be dead today as result of the flooding of the Milford or Ida Mae Iron mine, three and one half miles from this town.

The miners were drowned like trapped animals when the bottom dropped from a small lake, topping one of the workings.

The accident occurred at 3:25 p. m. yesterday. With a roar like a thousand racing automobiles on a distant road, the lake dropped into the runways of the mine, drowning the helpless workers in a rush of slushy sand and mud.

Within ten minutes the waters had risen nearly to the top of the main shaft and today were oozing over the walls of the main entrance.

The entire day crew of 49 men was in the mine; few seconds before the disaster, and 47 men owe their lives to a lucky stop or rest period which brought them to the top just ahead of the rushing waters. A seventh man escaped.

Mine officials said there is not a chance that any of the trapped men are living, but rescue work is under way.

The Whittemarsh Mining company, operating the property, had pumping equipment on the scene and was making every effort to reach the bodies. At least thirty days will be required, however, to clear the workings, it was said.

The entire lake probably will have to be drained, as the mine workings all are on a lower level than the bottom of the water. The mine had been reopened only a short time. It was closed after the war.

MAJOR PORTER
GETS POSITION

Major A. M. Porter, for the past 24 years connected with the state department of public grounds and buildings, Harrisburg, has been elected a clerk in the office of the county commissioners, succeeding Chauncey L. McDonald, an efficient clerk in the office for several years. Major Porter has already moved his family to Washington and is living in an apartment in the former C. E. Carothers home at the corner of Hall avenue and Church street, that city.

Major Porter is no stranger in Washington, which is really his home. He is a well-known Spanish-American War veteran, having been captain of Co. H, 10th Regiment, N. G. P., prior to the Philippine insurrection, and when Co. H was called into the U. S. service and sent to the islands he went out as captain, commanding the company during its service in those islands. He went to Harrisburg shortly after he returned from that war. Prior to the World war he served in the counting service with the bank of major.

Major Porter was born in Washington a son of Hugh and Nancy Porter. His father, a member of the famous Ringgold Battalion, died during the service in the Civil war. Major Porter was educated in the Jamonia Soldier's Orphan school near Uniontown.

The salary board has not yet fixed his salary as clerk.

Buick "Steps Out From The Field"

In presenting to the public its 1924 models, Buick literally "stepped out from the field."

It is doubtful if automobile history had ever witnessed such an outpouring of interest, comment and admiration as were bestowed upon the new Buicks.

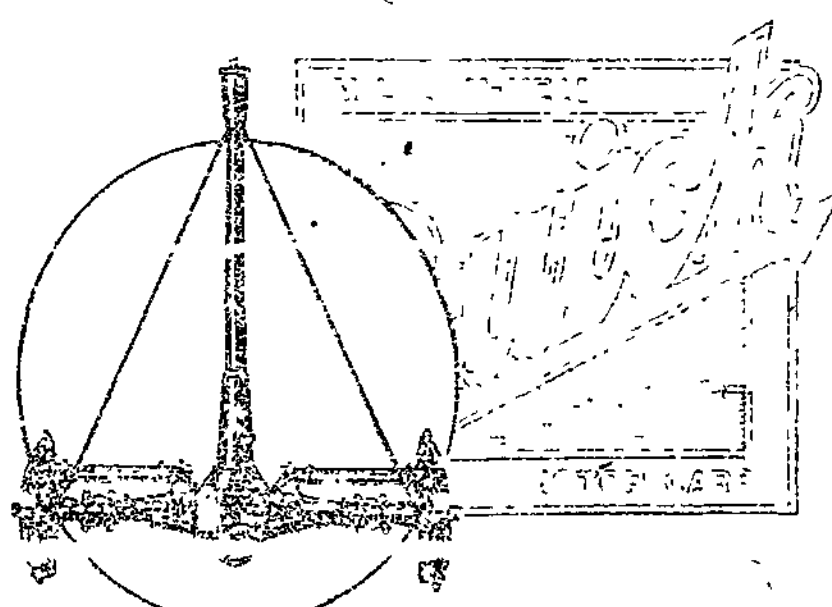

The public instantly recognized that in appearance, construction, mechanical excellence and noteworthy features, the 1924 Buicks established a new standard of measuring motor car value.

Particular interest centered upon the 70 H. P. valve-in-head motor—the proved Buick four-wheel brakes—the new body designs and the innumerable other features that contributed so markedly to comfort, safety and driving satisfaction.

The complete line of Buicks—fours and sixes—are an outstanding feature of the Automobile Show.

Buick invites closest inspection and most careful scrutiny of these models. Such procedure coupled with the slightest degree of driving acquaintance—a demonstration will gladly be provided—is sufficient to reveal why Buick continues to be the Standard of Comparison.

In Society's Realm

The Debree Team of the D. of A. will meet in the Eagles parlors this evening at 7:30 o'clock to drill. After the usual routine business discussion and drilling, luncheon will be served by Mrs. William Dash.

Last evening the Pastor's Aid society of the First Baptist church held its regular monthly meeting in the Sunday school room with Mrs. Edwin Davis and Mrs. John Hardcastle as hostesses. During the business meeting the principal subject discussed was the Valentine Day supper and final arrangements were made. The balance of the time was spent in sewing and a dainty luncheon was served by the hostesses.

Invitations have been issued by the dance committee of the Charleroi Elks club for its first annual formal dance which will be held Friday evening, February 22, in the Elks ballroom, with the popular Harlem Harmony band furnishing the music. This dance promises to be one of the most elaborate and most successful one ever given in the local club room and preparations are under way for something new and different.

A very enjoyable evening was spent last night in the Sunday school room of the Methodist Episcopal church by a good attendance of the Zannah Bible class, in their regular monthly meeting. At the close of a short business meeting during which time a report was heard on the traveling basket, a social hour followed and a good time was passed in games and contests. A delicious luncheon was served by the hostesses, Mrs. Raymond Chester, Mrs. Thomas Owens, Mrs. E. H. Greenlee, Mrs. Emma Gilliland, Mrs. Pearson and Mrs. William Williams. The next meeting will be held, Tuesday, March 11.

FAY HAS BEATEN THE "KNOCKEROUT"

Paul Berlenbach scored his twenty-third knockout of a youthful career when he put Frank Carbone, the New Castle miner, to sleep in the sixth round last Monday night in New York. It was the first time in his life that Carbone had ever been knocked out. The blow that won struck Carbone in the side, and paralyzed him. Carbone fought two sensational battles with Jack McCarron in Louisville two years ago.

Berlenbach's success has special interest from a local standpoint, because Harry Fay defeated him for the amateur middleweight championship, some time before both became professionals. Fay fights Tommy Billiards of Cleveland at the Savoy theatre in that city on next Monday night.

WILD STORM IN THE MIDDLE WEST

New York, Feb. 6.—(United Press)—The storm of sleet and snow which lashed the middle West Monday night and Tuesday, razing telephone and telegraph wires, paralyzing transportation and isolating whole sections of the country, appeared to have spent its fury before it struck the Atlantic seaboard today.

New York, at least, was spared the worst of the blizzards, a severe rain and disagreeable slush being the most this city experienced.

It was in the middle West, particularly in the vicinity of Chicago, that the full fury of the winter storm made

CIVIC BETTERMENT CHAMBER'S OBJECT

(Continued from First Page)

gess David R. Duvall, as governing head of the police department; that while the body has the power to hire patrolmen it is not empowered to instruct them as to their duties. The ladies and gentlemen were advised by Mr. Tussing to see the burgess, which they did.

Mr. Duvall told the delegation that the functions of his office were paired with that of the Police committee, consisting of J. Bryant Tussing, president of council, and Councilman George W. Risbeck. That he could not act in the premises minus their cooperation. The delegation then returned to the council chamber, where they waited in abeyance while it went through a long "grist" of business, and were not given voice by the president until along towards midnight. Mr. Tussing reiterated that council has no power in the premises; inclusive of the Police committee, of which he is chairman, or the body as a whole, that the matter is solely in the hands of the burgess. The delegation left, in slang parlance, without "getting anywhere."

Jack Mier, the barber, appeared before council saying that where certain people desired to build in the hill district, sewage system is minus. The place of location, according to Mr. Mier, is three or four lots in Meadow avenue. The matter was referred to the street committee, the borough engineer, and the borough solicitor.

Tax Collector Fred W. Brady was present asking council "how far, in its opinion, he could go" in the proposition of delinquent taxpayers—whether he should "jail" them. A motion, which prevailed, made by Councilman Hugh E. Fergus, advised or recommended that Mr. Brady "take all means for the collection of delinquent taxes, even to the extent of imprisonment of delinquents."

The Board of Health made its report, in which it stated, among other things, that the health conditions of the borough are superlative—that the borough holds a position as to sanitary and health conditions second to none in the State, and to further its enviable standing, recommended that

The bond of C. S. McKean, newly elected borough treasurer, was in the hands of the secretary of the body, and was perused by Borough Solicitor David M. McCloskey. The bond is in the sum of \$20,000. It was referred to the Finance committee and the Borough solicitor.
